

Friends,

I want to share an experience that happened to me today because it really taught me a lesson in being HiS PRINT! I pulled up to a stop light at Beltway 8 and 288 just outside of Houston heading home to Pearland and being tired from speaking at a little league coaches clinic, I really was sort of in my own little world and not looking for an opportunity to share Him, like I should.

I was coming down the exit and thought of moving over a lane in case there was a homeless person standing on the street corner and then I wouldn't have to deal with them. But as I pulled up to the light I was leaving a voice mail on a good friend's phone and forgot all about switching lanes. Being preoccupied with leaving a voice mail I didn't really notice the man standing there with a sign. I immediately went into my console to look for my wallet when I remembered I had placed it in my bag and could not reach it. To be honest, I almost always pray before I hand out money, asking God to give me the discernment as to whether to give the person money or not, but this time I just slid my hand over to my quarter collection and took all that I had. Realizing it was only 75 cents or maybe at most a dollars' worth, I apologized to the man and told him I would give him more if I had it.

Without even looking at what I gave him, he placed it in his pocket and then said something that blessed me to the core and made me realize the importance of being God's hands and feet wherever we are and with whomever we meet. ***He told me thanks and it wasn't what was in the hand that matters, but what is in the heart!*** As I drove off I realized I had just met a man who gave me God's message! That sums up HiS PRINT all together!

Let's go out and be a part of the great commission and love them where they are! We don't always have the opportunity to let them ask why, but small gestures truly do bless people and in turn bless you in the process. It is not what is in the hand, it's what's in the heart that matters! **HE DID IT! Let's Do IT!**

Matthew 25:31-46 - The Sheep and the Goats.

When you get time read the above passage and let God's word speak to your heart. Thanks to each of you for your friendship! Remember God loves you and so do I!

Our steps leaving HiS PRINT!
